## *June: Pride Month*

*Our team at Center for Vocal Health welcomes all individuals and is here to be part of your journey!*

*We understand that speech and voice are incredibly personal and part of your authentic self. Voice sessions with our speech language pathologists may cover...*

- *Pitch: How high or low your voice sounds*
- *Resonance: The quality and tone of your voice*
- *Intonation: The rhythm of your speech*
- *Rate: How quickly or slowly you speak*
- *Volume: How loudly you speak*
- *Nonverbal: Gestures and movement*
